

Dear farmer

I appreciate the stuff you do for us, without you I wouldn't have milk to put in my cereal. I think, the stuff you farmers do for us to take the time out of your life every day is very nice of you and I think you guys should know that you guys are great people. I love all the hard work you guys do for us day and night. You have a pretty tuff job and you guys handle pretty well and I appreciate it very much. I think you guys should be really proud of what you guys do everyday. And I know there are way more people than just me that appreciate what you guys do. So all I want to say is thank you very much.
